

## List of Diagrams, Figures and Tables

Diagram 1 :	Theoretical Interconnections in the Biopsychosocial Model.....	12
Figure 1:	Bar chart of age group distribution of chiropractors and homeopaths.....	36
Figure 2:	Gender distribution of homeopaths and chiropractors in the study.....	38
Figure 3:	Length of time in practice for chiropractors and homeopaths.....	42
Figure 4:	Distance to nearest chiropractor by occupation.....	44
Figure 5:	Distance to nearest homeopath by occupation.....	45
Figure 6:	Distance to nearest GP by occupation.....	45
Figure 7:	Distance to nearest physiotherapist by occupation.....	45
Figure 8:	Number of chiropractors and homeopaths who share their practice with a chiropractor.....	46
Figure 9:	Number of chiropractors and homeopaths who share their practice with a homeopath.....	46
Figure 10:	Number of chiropractors and homeopaths who share their practice with a physiotherapist.....	47
Figure 11:	Number of chiropractors and homeopaths who share their practice with a GP.....	47
Figure 12:	Referral to chiropractors by occupation.....	49
Figure 13:	Referral to homeopaths by occupation.....	51
Figure 14:	Referral to physiotherapists by occupation.....	53
Figure 15:	Referral to GPs by occupation.....	54
Figure 16:	Nearest practitioner for referral by occupation.....	56
Figure 17:	Number of times in the last six months that participants referred patients to chiropractors by occupation.....	58
Figure 18:	Number of times in the last six months that participants referred patients to a homeopath by occupation.....	58

Figure 19:	Number of times in the last six months that participants referred patients to a physiotherapist by occupation.....	59
Figure 20:	Number of times in the last six months that participants referred patients to a GP by occupation.....	59
Figure 21:	Choice of provider to treat Sprain by occupation.....	62
Figure 22:	Choice of provider to treat Mild Fracture by occupation.....	63
Figure 23:	Choice of Provider to Whiplash.....	64
Figure 24:	Choice of provider to treat Low Back Pain by occupation.....	65
Figure 25:	Choice of provider to treat Headache by occupation.....	65
Figure 26:	Choice of provider to treat Neck pain by occupation.....	65
Figure 27:	Choice of provider to treat Upper Back Pain by occupation.....	66
Figure 28:	Choice of provider to treat Diabetes by occupation.....	67
Figure 29:	Choice of provider to treat Colds and Flu by occupation.....	67
Figure 30:	Choice of provider to treat Cancer by occupation.....	67
Figure 31:	Choice of provider to treat Skin problems by occupation.....	68
Figure 32:	Choice of provider to treat Asthma by occupation.....	68
Figure 33:	Choice of provider to treat Arthritis by occupation.....	69
Figure 34:	Choice of provider to treat Appendicitis by occupation.....	69

Figure 35: Times in the last six months that Sprains were referred to chiropractors and homeopaths.....62

Figure 36: Times in the last six months that a Mild Fracture was referred to chiropractors and homeopaths..... 63

Figure 37: Times in the last six months that Whiplash was referred to chiropractors and homeopaths.....64

Figure 38: Times in the last six months that Low Back Pain was referred to chiropractors and homeopaths.....65

Figure 39: Times in the last six months that Headaches were referred to chiropractors and homeopaths.....65

Figure 40: Times in the last six months that Neck Pain was referred to chiropractors and homeopaths.....65

Figure 41: Times in the last six months that Upper Back Pain was referred to chiropractors and homeopaths.....66

Figure 42: Times in the last six months that Diabetes was referred to chiropractors and homeopaths..... 67

Figure 43: Times in the last six months that Colds and Flu were referred to chiropractors and homeopaths.....67

Figure 44: Times in the last six months that Cancer was referred to chiropractors and homeopaths..... 67

Figure 45: Times in the last six months that Skin Problems were referred to chiropractors and homeopaths.....68

Figure 46: Times in the last six months that Asthma was referred to chiropractors and homeopaths.....68

Figure 47: Times in the last six months that Arthritis was referred to chiropractors and homeopaths..... 69

Figure 48: The practitioner who referred most of the listed conditions to chiropractors and homeopaths in the study.....71

Figure 49:	The practitioner to whom most of the listed conditions were referred by chiropractors and homeopaths in the study.....	71
Table 1:	Age group distribution of homeopaths and chiropractors in the study (n=62).....	36
Table 2:	Gender distribution of chiropractors and homeopaths in the study (n=62).....	37
Table 3:	Qualifying institution for chiropractors and homeopaths in the study (n=62).....	40
Table 4:	Length of time in practice for homeopaths and chiropractors in the study (n=62).....	42
Table 5:	Percentage of chiropractors and homeopaths who refer patients to chiropractors.....	50
Table 6:	Percentage of chiropractors and homeopaths who refer patients to homeopaths.....	51
Table 7:	Mann-Whitney test to compare median referral score to chiropractors in homeopath respondents (n = 31) between genders.....	72
Table 8:	Kruskal-Wallis test for comparison of median referral score in homeopaths.....	73
Table 9:	Kruskal-Wallis test for comparison of median Referral score in homeopaths.....	74
Table 10:	Kruskal-Wallis test for comparison of median referral score in homeopaths.....	75
Table 11:	Mann-Whitney test of median referral score to chiropractors in homeopath respondents (n = 31) in those who do and do not share a practice with a chiropractor.....	76
Table 12:	Kruskal-Wallis test for comparison of median referral score in homeopaths.....	77

---

Table 13:	Spearman's correlation for cross-referral in homeopaths.....	78
Table 14:	Kruskal-Wallis test for comparison of median referral score in homeopaths.....	79
Table 15:	Mann-Whitney test to compare median referral score to homeopaths in chiropractor respondents (n = 31) between genders.....	80
Table 16:	Kruskal-Wallis test for comparison of median referral score in chiropractors regarding age.....	81
Table 17:	Kruskal-Wallis test for comparison of median referral score in chiropractors regarding length of time in practice.....	81
Table 18:	Kruskal-Wallis test for comparison of median referral score in chiropractors regarding distance.....	82
Table 19:	Mann-Whitney test of median referral score to homeopaths in chiropractor respondents (n = 31) in those who do and do not share a practice with a homeopath.....	82
Table 20:	Kruskal-Wallis test for comparison of median referral score in chiropractors.....	83
Table 21:	Spearman's correlation for cross-referral in homeopaths.....	84
Table 22:	Kruskal-Wallis test for comparison of median referral score in chiropractors.....	85
